“So many of us were nervous about the mock interviews but it was great to experience it before it “counts” and get feedback from people that work in human resources.”

“How to ace the interview. Lots of small tidbits of information otherwise tough to obtain.”

“Evaluating the job offer and package because I’m going through that now.”

What was your favorite part of the conference? Why

“The mock interview. The feedback was nice and it helped that there wasn’t an actual job on the line. It will give me more confidence during a real interview.”

“Résumé tips. Very clear presentation, practical and easy-to-remember tips and instructions. Etiquette lunch.”

“Hearing about moving to a new community was also helpful. It made me realize that the anxiety I’m feeling about this is normal and that it’s going to be alright – everyone goes through it.”

“The networking social because it allowed me to gain practice on improving my interpersonal skills.”

“Everyone was approachable and helpful. They spoke from experience and told you what really occurs after graduation.”
